Presentation Prerequisites

Seeking sessions fitting these criteria:

- Fresh presentations.
- Documented research, progress or success with your best practices found in your presentation.
- Innovative and cutting-edge ideas and examples of programs that have achieved results.
- High-quality visuals and seminar materials that provide a clear synopsis of the presentation.
- Practical tips and ideas that can be used in Indiana school corporations.
- Sessions that “pack a punch” and presenters who are enthusiastic about their topics.

Presenter Requirements

- Please do not submit a proposal unless you are able to appear on the meeting date. Presenter will be notified as determinations are made.
- Do not list individuals as co-presenters unless a commitment has been confirmed from them to appear on the program.
- Presenters who are school board members or superintendents are still responsible for paying the meeting registration fee. This covers the cost of lunch and the facility
- If you are a company submitting a proposal, it is best to partner with a school district as a “success story”. We’ll consider new ideas individually if you have no partner.

Audio Visual Requirements

- ISRSA will provide a projector and screens in each presentation room.
- Bring your own laptop.

Meeting Materials

- Will be shared with all participants through a shared file or drive.

The board will review proposals and the Executive Director will follow-up with those who have been selected.
